TCC Control Plunger Valve Kit

Part No.
122892-01K

- Valve
- Sleeve

1. Disassembly

- Remove OE TCC plunger valve train from valve body bore.
- Discard worn OE TCC control plunger valve and sleeve.
- Keep OE control valve and spring for reuse.

2. Installation & Assembly

- Be certain all debris has been removed from the valve bore and valve body.
- Reinstall OE TCC control valve and spring as shown.
- Install Sonnax TCC plunger valve and sleeve assembly into bore, open end inward.
- Push valve train into bore just far enough to accept OE retaining pin.

4. Final Testing

Vacuum testing at the port(s) indicated holds the recommended minimum 18 in-Hg.
